

NearHub Monitor Arm

OPL-MS-001

Designed to Move with You

More Energetic.
More Productive.
Ergonomic Healthier!

Kill Feature

Ergonomic Comfort for You

Monitor Arm MS-001 is the innovative monitor arm, allowing the user to effortlessly position their screen at the ideal height, angle and distance for the best possible viewing experience and posture.

Robust Support Than Ever

Simply pulling, compressing, and rotating the gas spring, users can adjust the height and angle of the arm with one hand at breeze, allowing them to adapt to different work scenarios or personal preferences.

Perfect Space Saver

Free up valuable desk space with Monitor Arm MS-001. Comes with the cable management parts, neatly contained along the full length of the monitor arm to keep your workspace tidy and organized.

Completely tool-less installation

Monitor Arm MS-001 is designed to be easy to set up, manage and use, without the need for tools. Mount the base, fit the arm and latch on the Vesa. Three separate parts from the box means faster cost-effective project completions. Fine-tune every setting by hand and never waste time looking for tools.
