

NearHub Monitor Arm

OPL-MS-002

Double Efficiency & Enjoyment

More Energetic.
More Productive.
Ergonomic Healthier!

Kill Feature

Ergonomic Comfort for You

Monitor Arm MS-002 is the innovative monitor arm, allowing the user to effortlessly position their screen at the ideal height, angle and distance for the best possible viewing experience and posture.

Various Screen Combinations

If you have two displays, then the dual monitor arm will make you the right choice. Simply adjusting arms, you can easily get a personalized screen combination to meet your various application scenarios.

Ideal Duo Collaboration Companion

Full flexibility of Monitor Arm MS-002 lets you shape your workspace. When others are operating, the display can also be easily rotated in front of them for faster and more flexible sharing and collaboration.

Perfect Cable Manager

Free up valuable desk space with Monitor Arm MS-002. Comes with the cable management parts, neatly contained along the full length of the monitor arm to keep your workspace tidy and organized.
