Bluetooth v5.4

AI Note-Taking & Transcription

Recording Phone Calls

IPX6

MemPod Pro 2S is an open-ear bluetooth headphone excelling in producing lifelike and immersive sound. With an impressive battery life of up to 15 hours, immerse yourself in non-stop music or calls throughout your day. Featuring with Bluetooth V5.4 connectivity, the headphone provides a stable and seamless wireless experience, allowing for quick pairing with any compatible device. It features AI Noise Suppression technology which effectively filters out background noise, resulting in clear sound whether you are on calls or listening to music. The headphone's comfortable wearable design ensures a secure fit and lasting comfort. With an IPX6 rating, it's suitable for intense workouts and outdoor activities.

## Product Features

### Superior Sound Quality

The superior sound quality of MemPod Pro 2S makes it a preferred choice for audiophiles and music enthusiasts seeking an authentic and high-fidelity listening experience.

### Long Battery Life

With an impressive battery life, the headphone provides up to 15 hours' playtime, enabling you to enjoy uninterrupted music or calls throughout the day without worrying about recharging.

### Bluetooth V5.4

Enjoy seamless wireless connectivity and quick pairing with devices thanks to Bluetooth V5.4, providing stable and efficient transmission over longer distances.

### AI Note-Taking & Transcription in 99+ Languages

Nearity App lets you transcribe calls in 99+ languages—even offline. Powered by AI, it instantly translates a voice recording into searchable text and smart summaries. Just type a keyword to find any recording in seconds. Never miss a detail—every important call is saved and ready when you need it.

### Recording Phone Calls Discreetly

Recording phone calls discreetly can be challenging. When you record a call on an iPhone, the other party receives a notification—which might make the situation awkward. That's why we developed an innovative solution: seamless call recording directly through your headset, without alerting the other caller. Now, you can preserve important conversations effortlessly and privately.

### IPX6

With IPX6 water protection, the headphone is protected against sweat and rain, allowing you to enjoy your favorite tracks during workouts or outdoor adventures.

# NEARITY MemPod Pro 2S

## Product Details

Physical	Brand & Model	Nearity Mempo Pro 2S
	Design	Open-Ear
	Product Size	124*110*45mm
	Package Size	157*126*50mm
	Headset net weight	31g±0.3g
	Supported Systems	Android/iOS/WIN/MAC
	Color	Black
	Operating Temperature	-10~55°C
Mic&Speaker	AI Noise Cancellation	✓
	ENC Noise Reduction	✓
	Echo Suppression	✓
	Microphone Type	ECM omnidirectional microphone x2
	Sensitivity	-40dBV/Pa 94dB SPL@1kHz
	Signal-to-Noise Ratio	60dBV/Pa 94dB SPL@1kHz,A-weighted
	Frequency Response	100Hz-10kHz
	Rated output power	16Ω/40mW
Bluetooth	Version	V5.4
	Frequency Range	2400-2480MHz
	Protocol	HFP A2DP AVRCP
	Operating Range	20 meters (Open space)
Battery	Charging Method	Type-C
	Charging Specs	5V DC ≥ 250mA
	Charging Time	2 hours
	Battery Life	Recording Time: 2h, Talking Time: 12h, Music Time: 15h
	Standby Battery Life	180 hours
App Service	Supported Languages	99 languages including EN, JP, FR, ES, ZH
	Free Transcription & Summary Credits	480 mins for EN/ZH, 300 mins for others
	Premium Access	1800 mins/month for transcription & summary
