

HP11D Headset

Long-Wearing
Comfort

PNP

Noise
Cancellation

NUROUM HP11D headset is an affordable option that is also designed for comfort with ultra-soft ear cushions and a padded headband, and its microphone can pivot up to 270 degrees to provide greater flexibility and versatility. This headset is easy to use, plug and play. It is ideal for call center employees and those who rely on remote collaboration.

Product features

Ideal for Long-Wearing

Featuring pillow-soft ear cushions and an adjustable padded headband, HP11D is a pleasure to wear on a daily basis for employees. The 270-degree pivoting microphone allows the user to adjust the direction of the microphone to their preference, and position it on either the left or right side of their face. This provides greater flexibility and customization for the user, ensuring a comfortable and enjoyable experience.

Plug and Play

Users are able to connect to PC/mobile devices via 3.5mm audio interface, which is used widely in Sip phones.

Wide compatibility

This HP11D wired headset is a true versatile business grade headset which is compatible with Skype, Microsoft Teams, Zoom, webex, Google Meet and etc.

NUROUM HP11D Datasheet

Contents	Technical Specifications
